### **AE&E Group wins EUR 25 million order in Bosnia and Herzegovina Comprehensive upgrading of Unit 6 at the Kakanj coal-fired power station**

Vienna, 27 November 2009 – The AE&E Group — international plant engineering and construction company in the field of thermal power generation and environmental technology that forms part of the listed A-TEC Industries Group — has secured an order for modernisation of the Unit 6 steam generator at the Kakanj coal-fired power station, 50 km north of Sarajevo. The order, worth over EUR 25 million, was awarded by Elektroprivreda BiH to Czech subsidiary AE&E CZ. Handover is due to take place in 2011.

“This order is further proof of the AE&E Group’s strong position in the Central and Southeast European thermal power generation market. Modernisation of this coal-fired power station unit will give a major boost to the overall quality of Bosnia and Herzegovina’s power generation assets,” said AE&E Group CEO Georg Gasteiger.

The contract awarded to AE&E CZ is for upgrading of the boiler plant, including demolition of old plant components and replacement of the control systems. Work will begin immediately. The comprehensive rehabilitation of this power station unit will extend its working life by 15 years. Recommissioning is scheduled for 2011.
